# Meet the newest member of the family.

The all-new Grand i10 4-door sedan

The new Grand i10 is here and it's creating waves of excitement with its bold urban styling. Hyundai has completely reimagined the family car making it extra roomy on the inside. This city runabout is ideal for solo hops across town and perfectly up the task on long hauls with family and friends. You can count on the frugal 1.2-litre Kappa engine to deliver great fuel economy while providing all the oomph you will ever need for quick takeoffs and passing on the highway. You get 260 litres of luggage space so that you can pack everything you need and never worry about leaving anything behind. And to top it all off, Grand i10 comes with advanced safety features and Bluetooth connectivity options for those who want to stay in touch while on the road.

# Made for those perfect moments.

There's a lot to do and Grand i10 helps you get it done in style. It's young, it's sporty and you'll fall in love at first sight. It looks great in basic trim but you are free to jazz it up with loads of available options like 15-in alloy rims, upgraded exterior LED lighting and much more.

# Just for the fun of it.

Economy is a big part of the Grand i10 story. The 1.2-liter Kappa engine is frugal and reliable but it doesn't compromise on power—you get all the power you need for brisk takeoffs and effortless highway passing. There's a choice of transmissions to suit your personal preference: a 5-speed manual for peak economy and 4-speed automatic that does all the hard work for you.

Kappa 1.2 MPI Gasoline

**83** Maximum Power  
ps/6,000 rpm

**11.6** Maximum Torque  
kg·m/4,000 rpm

5-speed manual transmission

# Protection you can trust.

Grand i10 provides complete peace of mind as it offers layers upon layers of safety protection. The ultra-rigid steel frame is designed to safely absorb crash forces and provides the first line of defense. Safety extras such as dual airbags and ABS & ESC -Electronic Stability Control(optional) provide additional layers of protection. The optional rear camera and parking distance warning system promote safer, stress-free parking and reversing.

## Rear Parking Assist System

Bumper sensors warn the driver of unseen rear obstacles while reversing thus ensuring safer parking and minimizing the risk of damage or injury.

## Dual airbag system

These newest depowered-type airbags minimize the risk of injuries associated with airbag deployment.

## Rear view camera with guidelines

Reversing into a parking space is safer thanks to the rear view camera that also includes static guidelines to help you align the vehicle with the target parking space.
